

**PhD Curriculum Full-time
Post-Master's
Plan of Study
Even-Year Admission**

Year 1Fall Year 1

BIOE 811 Biostatistics 4(3-1)
NSG 912 Theory Construction and Analysis 3(3-0)
NSG 913 Qualitative Research Methods 3(3-0)
NSG 919 Nursing Science Seminar 1(1-0)

Total 11(10-1)**Year 2**Fall Year 2

BIOE 865 Linear Regression Methods 2(2-0)*
NSG 910 Theory and Philosophy 4(4-0)
NSG 923 Quantitative Research Methods 3(3-0)
NSG 919 Nursing Science Seminar 1(1-0)
NSG 960 Directed Study or Elective 3(3-0)

Total 13(13-0)**Year 3**Fall Year 3

NSG 900 Dissertation 9(9-0)

Total 9(9-0)**Total program hours 64****Year 1**Spring Year 1

BIOE 821 Biostatistics 4(3-1)
HOPN 851 Leadership and Health Policy 3(3-0)
NSG 934 Theoretical and Methodological Issues 2(2-0)
IP 801 Integrity in the Conduct of Scientific Research 1(1-0)

Total 10(9-1)**Year 2**Spring Year 2

NSG 924 Scientific Dissemination 3(3-0)
NSG 960 Directed Study or Elective 3(3-0)
NSG 900 Dissertation 6(6-0)

Total 12(12-0)**Year 3**Fall Year 3

NSG 900 Dissertation 9(9-0)

Total 9(9-0)

NOTE: This is a draft plan of study. Courses selected for advanced statistics, electives, and directed study are based on developmental needs of the student and decided in conjunction with the faculty advisor and dissertation committee. Students admitted on even years (2018, 2020, etc.) will follow this plan of study.

*Students may enroll in this advanced statistics course or another course in advanced statistics that is approved by the Faculty Advisor.
